Don't Fight – Get Help!

Residents of Lawndale often visit City Hall seeking assistance to resolve various disputes or disagreements they are having. These involve neighbors complaining about common fences, trees overgrowing property lines, loud parties and new construction, landlords and tenants disputing security deposits, maintenance issues, rent increases and evictions, consumers and merchants arguing about the quality of products or services, and homeowner associations haggling over the use of common areas, noise and parking issues. And these are just the tips of many ice bergs!

In many, if not most of these cases, City staff including the Sheriff's, code enforcement and community service officers, do not have the authority to intervene since typically these disputes are of a civil nature and may not involve a violation of the Municipal Code or State law. However, there is a way that you can get help.

The City of Lawndale has contracted with the South Bay Center for Dispute Resolution to assist in the resolution of these types of disputes through mediation with the help of trained professional neutrals called mediators. In the vast majority of these situations, mediation allows the parties to fashion a resolution that is convenient, effective and tailored to meet their needs and address their concerns. The Center's services are available at no cost to residents, businesses, landlords and tenants.

The South Bay Center for Dispute Resolution has been able to resolve countless issues in Lawndale and can do the same for you. So instead of feuding, contact the Center. Bilingual mediators are also available. To take action, call the Center at (310) 376-7007. Visit our website at www.sbcdnr.net

Fall 2012 Capital Improvements Program Update

The Public Works Department is pleased to provide you with this status report regarding the City's Capital Improvement Program (CIP). There are five categories of CIP projects which include: 1) street improvements; 2) concrete improvements (sidewalk, curb and gutter); 3) traffic improvements; 4) park improvements; and 5) city facilities improvements. A number of projects are currently under construction or in the planning and design phase.

CURRENT PROJECTS

145th Street and Manhattan Beach Boulevard South Alley Project

The project will repave 145th Street between Hawthorne Boulevard and Larch Avenue, and re-construct the alleyway south of Manhattan Beach Boulevard between Freeman Avenue and Prairie Avenue. The project includes for the reconstruction of pavement, segments of curb and gutter, the repair of driveway approaches and sidewalk, and roadway striping. Project construction is estimated to commence in early September 2012 and estimated to complete in November 2012. Project costs are estimated at \$400,000 and will be funded through Community Development Block Grant (CDBG) funds.

Firmona Avenue Storm Drain Improvement Project – The project area is located along Firmona Avenue between Manhattan Beach Boulevard and 162nd Street. This project will improve the storm drain system along Firmona Avenue and relieve the flooding that typically occurs on Firmona Avenue and its adjacent streets during rains. The Los Angeles County Department of Public Works was contracted to provide the design and preparation of the construction documents for bid purposes. Design modifications were completed early this summer and preliminary pre-construction with the utility companies started in July 2012. Solicitation for project bids are anticipated to occur this fall and construction is estimated to commence in the spring of 2013. The project is funded through an EPA grant, General Funds, and Proposition 1B funds with estimated project costs of \$700,000.

Prairie Avenue Resurfacing Project – The City entered into a joint powers agreement with the Los Angeles County Department of Public Works (LACDPW) to resurface the deteriorated roadway along Prairie Avenue just south of Marine Avenue to Redondo Beach Boulevard. LACDPW is the lead agency for the project. Construction is planned to start in early September 2012 and complete in late November 2012. The project is funded through Proposition C funds, a Highway Thru Cities grant, and Metro Surface Transportation funds with estimated costs of \$741,600.

Manhattan Beach Boulevard/Firmona Avenue Traffic Signal Modification Project – City staff successfully applied for and received a Caltrans grant to modify the traffic signal at the subject intersection. This modification will improve traffic safety for vehicles traveling westbound as they turn south onto Firmona Avenue by incorporating a protected left turn green arrow. The project is currently in the final design phase and construction is estimated to start in fall 2012. The project's estimated cost is \$240,000 and is funded through the federal Highway Safety Improvement Program (HSIP).

Hawthorne Boulevard Concrete Improvements – The project will address areas of needed improvement along Hawthorne Boulevard within city limits which includes sidewalk and brick ribbon improvements. The improvements will be a combination of grinding and removal and/or replacement of specific sidewalk locations. Construction is estimated to be completed in the fall.

COMPLETED PROJECTS:

Hawthorne Boulevard Roadway Rehabilitation – The project resurfaced the southbound lanes of Hawthorne Boulevard from south of 154th Street to 147th Street. The work consisted of asphalt grinding with an asphalt overlay, re-installation of the traffic detector loops and roadway striping. Construction started May 2012 and completed June 2012. The project was funded by Proposition C funds.

ARRA HVAC Upgrades – As part of the American Recovery and Reinvestment Act (ARRA), the California Energy Commission (CEC) administered an Energy Efficiency and Conservation Block Grant (EECBG) program to help small cities and counties complete cost effective energy efficiency projects. Through this program, the City of Lawndale was able to upgrade the heating, ventilation and air conditioning (HVAC) system at the Community Services/Municipal Services building located at the Civic Center. The HVAC Upgrades Project was completed in June 2012 for total cost of \$150,000. The upgrades have already demonstrated reduced energy usage (lower costs) and will contribute to reducing the City's carbon footprint.

Jane Addams Wading Pool Project – The project included for installation of a new wading pool surface and modifications to the drainage system. The plans were reviewed and approved by the Los Angeles County Department of Health Services. The project was funded with City General Funds at a cost of \$12,770 and completed in June 2012.

City Residents Can Save Money by Recycling and Reducing Their Trash Service!

Did you know that you can potentially reduce the cost of your trash bill through recycling? For the past two years, the City's trash hauler Consolidated Disposal Service (CDS) has successfully implemented a volume-based trash system, where residents pay according to the size of their black trash cart. The idea is simple: by putting recyclables in your blue cart instead of your black trash cart, you can decrease the amount you dispose in your black trash cart.

When you dispose less waste, you may be able to decrease the size of your trash cart and your monthly cost. You have three options for trash carts: 35-gallon, 64-gallon and 96-gallon. If you would like to switch to a smaller trash cart, call CDS' customer service at (800) 299-4898.

Recycling is easy – just capture all of your recyclables and put them into your blue cart and make sure your yard waste goes into your green cart. If you're unsure if an item is recyclable, you can also refer to the list of acceptable materials listed on the inside of each cart lid.

There are some other additions to Lawndale's recycling programs. If you ever find that you have more trash than can fit into your trash cart (called "overage trash"), you can call CDS for two free pickups per year of up to 3 large bags of trash per pickup.

Residents of Lawndale may set used oil and used oil filters next to their trash carts on trash pickup day, and CDS will collect them at no additional charge. For Lawndale's disabled residents, CDS is offering free "backyard collection service". There will be no need for disabled residents to place their container by the curb. Just call CDS' customer service at (800) 299-4898 to schedule a used oil pickup or setup backyard collection.

Santa Claus is Coming to Town!

It may be a little early to start talking about the holidays; but, Santa is already making his plans for Lawndale. Mark your calendars and be ready for Santa Claus when he comes to your neighborhood!

Did You Know...

4102

In an emergency, police, fire and rescue workers depend on house numbers to find you as quickly as possible. Finding your home - especially at night - can be challenging if address numbers are not posted or are unreadable, hidden, unlighted or have missing numbers. This may delay emergency responders from getting to you as quickly as possible.

The Los Angeles County Fire Code requires that all buildings be posted with their legal addresses in such a position as to be plainly visible and legible from the street or road fronting the property. Numbers shall be no less than 3 inches in height, 1 inch wide with a stroke of 3/8th of an inch. Numbers must contrast with their background in order to be more easily identified.

House numbers are often the only way that first-responders can identify their intended destinations and in the case of an emergency, such as a fire or a medical situation, a delay of mere minutes can mean the difference between a happy ending and a disaster. For more information on this ordinance, please call the Municipal Services Department.

Information for Dog Owners

Below are a few reminders about how to be a responsible pet owner, so that you and your neighbors can have an enjoyable experience with your dogs.

- All dogs are required to be licensed with the City annually.
- All dogs should be current on their rabies vaccination throughout the entire licensing period.
- It is not permissible to allow your dog to run at large at any time. Dogs should be kept on a leash whenever they are off of your property.
- When you are off of your own property with your dog, you must have the proper supplies to dispose of animal waste in a sanitary manner. It is unlawful to allow the animal waste to remain on any public or private property not owned or leased by the animal owner.
- Dogs may not be transported in the open bed of a truck without the proper cross-tether security system as required by State law.
- At home, all dogs should be provided with adequate food, water and shelter to protect them from extreme weather.
- For the peace and tranquility of your neighborhood, dog barking should be monitored and steps taken to limit the continuous or extended barking of your pet.

The City would be happy to help you learn more about any of these items or other tips for healthy, happy pet care. Please contact the Municipal Services Department for more information.

¡No pelee - pida ayuda!

Los residentes de Lawndale visitan a menudo el Ayuntamiento para pedir ayuda para resolver las diferencias, disputas o desacuerdos que estén teniendo. Son vecinos quejándose de bardas comunes, árboles que crecen cubriendo los límites de las propiedades, fiestas a alto volumen y nuevas construcciones, disputas entre propietarios e inquilinos por los depósitos de seguridad, asuntos de mantenimiento, aumentos de renta y desalojos, consumidores y comerciantes discutiendo por la calidad de productos o servicios y regateo de la asociación de propietarios de casa sobre el uso de las áreas comunes, ruido y estacionamientos. ¡Y esto es apenas una muestra del panorama general!

En muchos, si no en todos los casos, los oficiales de servicios comunitarios, el personal para la aplicación de los códigos, y personal de la Ciudad, incluyendo el Alguacil, no tienen la autoridad para intervenir puesto que típicamente estas disputas son de naturaleza civil y podrían no involucrar violaciones a los Códigos Municipales o Leyes Estatales, sin embargo existe una manera de conseguir ayuda.

La Ciudad de Lawndale ha contratado al Centro para Resolución de Disputas de South Bay, para asistir en la resolución de este tipo de disputas, a través de una mediación, con la ayuda de profesionales entrenados neutrales llamados mediadores. En la gran mayoría de estas situaciones, la mediación permite a las partes encontrar una resolución que sea conveniente, efectiva y diseñada para cumplir con las necesidades presentadas y enfocarse en las preocupaciones. Los servicios del Centro están disponibles, sin costo alguno para los residentes, comerciantes, propietarios e inquilinos.

El Centro de Resolución de Disputas de South Bay ha podido resolver innumerables asuntos en Lawndale y podemos ayudarle a usted también. Así es que en lugar de discutir, contacte al Centro. También hay mediadores bilingües disponibles. Para tomar cartas en el asunto, llame al Centro al (310) 376-7007. Visite nuestro sitio web en www.sbcd.net

'Farmer's Market' Certificado de Lawndale

¡Los residentes de la ciudad pueden ahorrar dinero reciclando y reduciendo el costo del servicio de basura!

¿Sabía usted que potencialmente puede reducir el costo de su cuenta del servicio de la basura, si recicla? Los últimos dos años, el Servicio de basura de la ciudad 'Consolidated Disposal Service' (CDS) ha implementado exitosamente un sistema de basura, en base al volumen, donde los residentes pagan de acuerdo al tamaño de su bote negro de basura. Es una idea sencilla: poniendo los reciclables en el bote azul en lugar del negro, puede disminuir la cantidad de desecho en su bote negro de basura.

Al desechar menos basura, usted puede disminuir el tamaño de su bote de basura negro y su costo mensual. Tiene tres opciones de tamaños: 35 galones, 64 galones y 96 galones. Si desea cambiar a un bote más pequeño, llame al servicio al cliente de CDS, al (800) 299-4898.

Reciclar es fácil – simplemente junte todos sus reciclables y póngalos en el bote azul y asegúrese que el desecho del jardín vaya en el bote verde. Si no está seguro si algún artículo es reciclable, puede referirse a la lista de materiales aceptables enlistados en el interior de la tapa.

Hay algo más en cuanto al programa de reciclaje de Lawndale. Si alguna vez ha encontrado que tiene más basura de la que pueda meter en su bote de basura, (basura de más), puede llamar a CDS para que le recojan la basura gratis dos veces por año, o hasta 3 bolsas grandes de basura por recogida.

Los residentes de Lawndale pueden poner el aceite usado y filtros de aceite, junto a sus botes de basura, el día que se recoge la basura y CDS lo recogerá sin costo adicional. Para los residentes discapacitados de Lawndale, CDS ofrece "servicio de recolección de basura del patio trasero". No hay necesidad de que los residentes discapacitados lleven sus botes a la orilla de la banqueta. Simplemente llame al servicio al cliente de CDS al (800) 299-4898 para arreglar que se le recoja el aceite usado o arreglar la recolección del patio trasero.

¿Sabía usted...

4102

Que en caso de emergencia, la policía, los bomberos y los equipos de rescate dependen de los números en la casa para encontrarlo lo más pronto posible? Encontrar su casa - especialmente de noche - puede ser un reto si no tienen número las casas o si no se puede leer, está escondido, en un lugar oscuro o les faltan números. Esto podría retrasar las cuadrillas de emergencia para que lleguen a ustedes lo más pronto posible.

El Código de Incendios del Condado de Los Ángeles requiere que todas las casas y edificios tengan su domicilio legal en tal lugar que estén visibles y legibles desde la calle o el acceso frontal de la propiedad. Los números no deben ser menores de 3 pulgadas de altura, una pulgada de ancho con un espesor de 3/8os de pulgada. Los números deben contrastar con el fondo para poder identificarlos más fácilmente.

Los números de la casa son la única manera como los primeras cuadrillas de auxilio pueden identificar su destino y en caso de emergencia, como incendio o alguna situación médica, un retraso de unos cuantos minutos puede ser la diferencia entre un final feliz y un desastre. Para mayor información sobre esta ordenanza, favor de contactar al Departamento de Servicios Municipales.

Información a dueños de perros

A continuación tenemos algunos recordatorios para ser un dueño de mascotas responsable, para que usted y sus vecinos puedan tener una buena experiencia con sus perros.

- Se requiere que todos los perros tengan anualmente una licencia de la Ciudad.
- Todos los perros deben estar al corriente con sus vacunas de la rabia durante el período de la licencia.
- No es permitido que su perro ande suelto en ningún momento. Los perros deben mantenerse con correa siempre que se encuentren lejos de su propiedad.
- Cuando se encuentre fuera de su propiedad con su perro, debe tener los artículos necesarios para recoger los desechos de su perro de una manera sanitaria. Es ilegal permitir que los desechos de su perro permanezcan en la vía pública o en propiedades privadas que no sean propiedad del dueño de la mascota.
- A los perros no se les puede transportar en una camioneta de cama abierta, sin los sistemas de seguridad para sujetar a su perro, requeridos por la ley estatal.
- En el hogar, los perros deben tener suficiente comida, agua, y abrigo para protegerlos de los climas extremos.
- Para la paz y tranquilidad de su vecindario, el ladrido de los perros debe ser vigilado y se deben tomar las medidas necesarias para limitar el ladrido continuo o extenso de su mascota.

Con gusto, la Ciudad le ayudará a aprender más sobre estos temas y otros consejos para el cuidado saludable y feliz de su mascota. Por favor contacte al Departamento de Servicios Municipales, para mayor información.
