MUNICIPAL SERVICES DEPARTMENT NEWS

Are you a Do-It-Yourselfer?

Do you change your vehicle's motor oil? If so, be sure to recycle the used motor oil and filter. Pouring used motor oil on the ground can quickly pollute large amounts of water. One gallon of motor oil can contaminate one million gallons of freshwater; a one-year supply of water for 50 people! So how can you dispose of used motor oil properly? Here are some quick and easy tips.

HOW TO RECYCLE USED MOTOR OIL AND FILTERS

Curbside Pickup: In Lawndale, you can dispose of up to three one-gallon containers of used motor oil weekly. Motor oil is picked up on the same day as your trash and recycling collection day. Used motor oil containers must be tightly sealed and filters must be completely drained and placed in a sealable, zippered plastic bag and not in your recycling cart. Set the motor oil and filter next to your cart. Please call Republic Services (formerly known as Consolidated Disposal Services) at (800) 299-4898 at least one (1) day before your collection day to arrange for motor oil and filter pickup. Republic Services will provide motor oil collection containers upon request, or you can also pick up containers from the City's Public Works Yard located at 4722 Manhattan Beach Boulevard in Lawndale on Monday through Thursday between the hours of 7:00 a.m. and 6:00 p.m. Please call Republic Customer Service or the City's Public Works Department for more information.

Certified Collection Centers: There are two certified collection centers in the City of Lawndale that accept used oil and oil filters. Please contact the certified center prior to your visit for any limits on the amount of used motor oil that can be accepted.

Back to School Safety Tips for Motorists

SHARING THE ROAD SAFELY WITH CHILD PEDESTRIANS

All drivers need to recognize the special safety needs of pedestrians, especially children. Generally, pedestrians have the right-of-way at all intersections; however, regardless of the rules of the road or right-of-way, you as a driver are obligated to exercise great care and extreme caution to avoid striking pedestrians. Please exercise safety when driving through the City's neighborhoods and near schools:

- Drivers should not block the crosswalk when stopped at a red light or waiting to make a turn. Do not stop with a portion of your vehicle over the crosswalk limit line. Blocking the crosswalk forces pedestrians to go around your vehicle and puts them in a dangerous situation.
- In a school zone when a warning flasher or flashers are blinking, you must stop to yield the right-of-way to a pedestrian crossing the roadway within a marked crosswalk or at an intersection with no marked crosswalk.
- Always stop when directed to do so by a school patrol sign, school patrol officer or designated crossing guard.
- Children are the least predictable pedestrians and the most difficult to see. Take extra care to look out for children not only in school zones, but also in residential areas and those near playgrounds and parks.
- Don't honk your horn, rev your engine or do anything to rush or scare a pedestrian in front of your car, even if you have the legal right-of-way.
- Red flashing lights and an extended stop sign arm signals to motorists that a bus is stopped and children are entering or exiting a school bus. Traffic in both directions should stop when students are entering or exiting a school bus.

Fall 2014 Capital Improvements Program Update

The Public Works Department is pleased to provide you with this quarterly update of the City's Capital Improvement Program (CIP). The program covers street, concrete, and traffic improvements (including sidewalk, curb and gutter) and parks and city facilities improvements. Many projects are currently under construction or are in the planning and design phase.

CURRENT PROJECTS

William Green Playground Equipment Replacement: In May of this year, the City Council authorized staff to bid the Playground Equipment Replacement Project for William Green Park again since a low number of bids had previously been received. The project entails complete removal and disposal of all existing playground equipment and footings, removal of existing sand and rubber surfaces, installation of new concrete ramps, purchase and installation of new playground equipment, and replacement of existing rubberized floor surfaces and sand with 12" thick wood chip pads. Construction began in August and should be completed prior to the release of this newsletter.

Rogers/Anderson Park Field Improvements: Plans and specifications were prepared to re-grade and improve Rogers Park playing field at the Rogers/Anderson Park. The field had an inadequate drainage system that made it difficult to play on. This project included the removal of existing turf, irrigation system, and drainage facilities to re-grade the field to drain towards the southeast with a one half (1/2) percent fall. An in-ground drywell and retention tank to the south of the main playfield were installed to capture the first three quarters (3/4) of an inch of each rain event and recharge the ground; the drywell was installed to capture rain and regular irrigation run-off from the east side of the field drainage system. Additionally, a new irrigation system was established along with new turf that has significantly improved the playing surface. As part of this project, the existing softball field to the west of the main field was demolished and re-graded and is now part of the athletic field. Project construction began in February 2014 and the field is back in use now. The construction cost was \$425,000.

Street and Park Improvements Project – Design Phase: Portions of this project are currently in design, while some elements have been completed, and include sixteen (16) street segments for improvement as identified in the City's Capital Improvement Program for fiscal year 2014-15. Drainage issues at Rogers Park, roadway improvements, and intersection upgrades at Condon and 154th Street were part of this project.

Citywide Traffic Signal Improvement Project: The City applied for and received a Measure R grant to improve several traffic signals in the community. The signal upgrades will facilitate traffic, bicycle, and pedestrian movements within the City's transportation network. The grant amount is for \$1,500,000 and the funding will improve several traffic signals in the community as some systems are outdated. Some of the improvements will include:

- Full-traffic actuated operation
- Bicycle and pedestrian use accommodations
- Timing plans for signals; new controllers, cabinets, conduits, wiring, and detection loops

In the course of this project, all the necessary construction documents, including plans, specifications, and estimates for the signal upgrades were prepared and will be advertised shortly. The improvements will be at the following locations:

- Manhattan Beach Blvd. at Freeman Avenue
- Rosecrans Avenue at Jefferson Avenue
- Rosecrans Avenue at Ramona Avenue
- Rosecrans Avenue at Firmona Avenue
- Inglewood Avenue at W. 147th Street
Note: Both intersections to be improved.
- Inglewood Avenue at W. 152nd Street
- Artesia Boulevard at Inglewood Avenue
- Artesia Boulevard at Kingsdale Avenue
- Artesia Boulevard at Grevillea Avenue
- Prairie Avenue at W. 164th Street
- Prairie Avenue at Manhattan Beach Blvd.
- Prairie Avenue at W. 154th Street
- Prairie Avenue at W. 147th Street
- Prairie Avenue at Rosecrans Avenue
- Marine Avenue at Firmona Avenue
- Marine Avenue at Mansel Avenue
- Marine Avenue at Freeman Avenue

Stop Sign Replacement Project: The stop sign replacement project is currently underway. The initial phase of signs, poles, and mounting hardware were ordered and the Public Works Crew began replacing faded or damaged stop signs late last year. The new stop signs are reflective and have an anti-graffiti film and will aid drivers during the evening hours and reduce the time spent for graffiti removal.

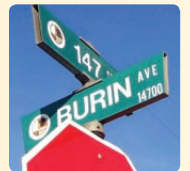

COMPLETED PROJECTS:

Playground Equipment Replacement Project: City Council approved the complete replacement of the aging playground equipment at the Jane Addams and Rogers/Anderson parks for exciting and new playground designs and themes. The new Rogers/Anderson Park playground equipment has a "western" theme and the new Jane Addams Park playground equipment has a "castle and tree house" theme. The new play areas and equipment fully comply with current Consumer Products Safety Commission Guidelines and American with Disabilities Act (ADA) requirements. This project was funded by Community Development Block Grant (CDBG) funds and had a final cost of approximately \$480,000.

Manhattan Beach Boulevard and Firmona Avenue Traffic Signal Modification Project: City staff successfully received a California Department of Transportation (CalTrans) grant to modify the said traffic signal at the subject intersection. This modification improved traffic safety for vehicles traveling westbound as they turn south onto Firmona Avenue by incorporating a protected left turn green arrow. The project construction was completed in January and was funded through a Federal Highway Safety Improvement Program (HSIP) grant and California State Proposition C funds.

Street Resurfacing Improvements Project: The project included street improvements at the following locations: W. 156th Street from Hawthorne Boulevard to the end of the cul-de-sac; W. 159th Street from Freeman Avenue to Prairie Avenue; W. 153rd Street from Mansel Avenue to Hawthorne Boulevard; W. 145th Street from Avis Avenue to Prairie Avenue; Sombra Avenue from W. 156th Street to Manhattan Beach Boulevard. Construction was completed last December. The project was funded by Community Development Block Grant (CDBG) and Redevelopment Bond funds for a total cost of \$500,000.

FREE BULKY ITEM PICK-UP

Single family residents are eligible for four (4) free bulky-item pickups per year, with a maximum of four (4) items per pick-up. Residents of multi-family properties can receive one (1) free pickup per year with up to four (4) items. MAKE SURE THAT YOUR RECYCLING COUNTS - DO'S AND DON'TS

DO put shredded paper into a paper bag and place recyclable containers loosely in the recycling cart and don't bundle them in bags. **DO** place numerous plastics bags into one bag to create a plastic "bag ball" making it easier for Republic employees to find and properly recycle the bags.

DON'T put garden hoses in the blue cart as they are not recyclable. **DO** donate unwanted clothing items to the Goodwill or a similar organization, or turn unusable clothing into cleaning rags. **DON'T** place Styrofoam items in your recycling bin; they are not accepted for recycling in the City of Lawndale. **DO** throw Styrofoam items in the trash.

DO place all paper, cardboard, glass, aluminum, steel, and plastic containers numbered 1 through 7 in the blue recycling bin:

LOS ANGELES COUNTY SHERIFF'S DEPARTMENT NEWS

The Los Angeles County Sheriff's Department Lawndale Service Center is located at 15331 Prairie Avenue and can be reached by calling **(310) 219-2750**.

4th of July Fireworks Enforcement

The Los Angeles County Sheriff's Department, Lawndale Service Center and the City of Lawndale made it very clear that illegal fireworks would not be tolerated in the City of Lawndale this year. To get the word out, the Sheriff's Department working in conjunction with the City of Lawndale: 1) spoke about illegal firework enforcement at a number of city council meetings prior to the 4th of July; 2) created flyers warning residents of the fines and the possibility of being arrested; and 3) delivered numerous flyers to all of the legal firework stands and to residences that were known for discharging illegal fireworks last year. In addition, the local public access cable television channel aired firework safety information and warned residents about dangers involved in using illegal fireworks.

On the 4th of July, the City of Lawndale and the Los Angeles County Sheriff's Department deployed extra law enforcement personnel in all four (4) reporting districts in the city. Despite all of the efforts made to stop illegal fireworks, there were still some people in the city that chose to discharge them. The Los Angeles County Sheriff's Department issued twenty-eight (28) citations and made two (2) arrests. In addition, there was approximately one hundred twenty (120) pounds of illegal fireworks confiscated. The City of Lawndale provided a driver and a truck to transport the illegal fireworks to the Los Angeles County Fire Department where they were properly disposed of. The people that received citations or were arrested either possessed or were seen discharging illegal fireworks and are now scheduled for a court date. They will have to pay a fine, court costs and attorney fees (if they choose to have an attorney). Ultimately, it will be very expensive for them.

The reason the Los Angeles County Sheriff's Department and the City of Lawndale take illegal fireworks so seriously, is because we want the residents of Lawndale to have a safe 4th of July. On July 5, 2014, it was easy to go online and see all of the news articles about people being injured by illegal fireworks the night before. A San Jose man had one hand amputated while his other was seriously injured when he lit an illegal firework in front of his family. In another incident, a Long Beach man lost his thumb while discharging an illegal firework. Lieutenant John Hocking from the Los Angeles County Sheriff's Department indicated, "We do not want to see something like that occur in the City of Lawndale, so we educated the public before the 4th of July and then we had zero tolerance for illegal fireworks on and around the 4th of July."

We will not hear much about illegal fireworks until the 4th of July next year; however, the Los Angeles County Sheriff's Department and the City of Lawndale will continue to enforce firework laws throughout the year and will have numerous deputies on the streets of Lawndale next year. We hope you had a safe and enjoyable Independence Day!

NOTICIAS SOBRE RECICLAJE

RECICLAJE COMERCIAL OBLIGATORIO

La ley estatal (AB341) requiere reciclaje obligatorio para negocios que producen cuatro (4) yardas cúbicas de basura o más por semana y viviendas multifamiliares con cinco (5) o más unidades. Para asegurarse de estar en cumplimiento, haga favor de llamar a Republic Services al (800) 299-4898 para revisar su cuenta.

RECOLECCIÓN GRATUITA DE UN ARTÍCULO VOLUMINOSO

Las residentes de viviendas unifamiliares son elegibles para cuatro (4) recolecciones gratuitas de un artículo voluminoso por año. Los residentes de viviendas multifamiliares pueden tener derecho a una (1) recolección gratuita por año, con hasta cuatro (4) artículos voluminosos. Antes de dejar sus artículos voluminosos en la orilla de la banqueta para su recolección, haga favor de llamar a Republic Services para poder disponer de ellos GRATUITAMENTE, al (800) 299-4898. Si usted no llama, no le recogerán el artículo.

ASEGURÉSE DE QUE SU RECICLAJE CUENTE - LO QUE SE PUEDE Y NO SE PUEDE

PUEDE poner papel triturado en bolsas de papel y ponga los artículos reciclables sueltos en el contenedor y no los amontone en bolsas. **PUEDE** poner muchas bolsas en una bolsa para crear una "bola de bolsas" para facilitar que los empleados de Republic encuentren y reciclen las bolsas adecuadamente.

NO SE PUEDE poner mangueras de jardín en el bote azul, porque no son reciclables. **PUEDE** donar artículos de ropa a Goodwill u organizaciones similares o convierta ropa que no usa en trapos de limpieza. **NO SE PUEDE** poner artículos de espuma de poliuretano en su bote/carrito de reciclables porque la Ciudad de Lawndale no los acepta para su reciclaje. **SE PUEDE** tirar los artículos de espuma de poliuretano en la basura.

SE PUEDE poner todo el papel, cartón, vidrio, aluminio, acero y contenedores de plástico numerados del 1 al 7 en el bote/carrito azul de reciclaje.

Si tiene alguna pregunta con respecto al reciclaje, haga favor de llamar a Republic Services al (800) 299-4898.

¿Le gusta hacer las cosas usted mismo?

¿Usted le cambia el aceite a su vehículo? Si así es, asegúrese de reciclar el aceite y el filtro usado de su motor. Vaciar el aceite usado en el piso, puede contaminar grandes cantidades de agua. Un galón de aceite de motor puede contaminar un millón de galones de agua fresca. ¡Un año de suministro de agua para 50 personas! ¿Entonces cómo puede deshacerse del aceite usado adecuadamente? He aquí unos consejos rápidos y fáciles.

¿CÓMO RECICLAR EL ACEITE Y EL FILTRO USADO DE SU MOTOR?

Recolección a la orilla de la banqueta: En Lawndale, usted puede deshacerse de hasta tres envases de un galón de aceite usado, semanalmente. El aceite de motor se recoge el mismo día que la basura y los reciclables. Los envases de aceite de motor usado deben estar firmemente cerrados y los filtros completamente vacíos y puestos en bolsa de plástico sellada y no en su bote de reciclables. Ponga el aceite de motor y el filtro, junto a su bote/carrito. Haga favor de llamar a Republic Services (anteriormente conocido como Consolidated Disposal Services) al (800) 299-4898 por lo menos un (1) un día antes del día de recolección para hacer arreglos y que le recojan el aceite y el filtro de su motor. Republic Services le proporciona envases para recolección de aceite de motor, si usted lo solicita, o puede recogerlos en la yarda de obras públicas de la ciudad ubicada en el 4722 del Bulevar Manhattan Beach en Lawndale de lunes a jueves entre las 7:00 a.m. y las 6:00 p.m. Favor de llamar al servicio al cliente de Republic, o al Departamento de Obras Públicas de la Ciudad, para mayor información.

Centros de Recolección Certificados: Hay dos centros de recolección certificados para aceite y filtro usados. Por favor contacte a un centro antes de presentarse en uno de ellos para obtener información sobre cualquier límite en cuanto a la cantidad de aceite usado que aceptan.

Consejos a los motoristas por el regreso a clases

COMPARTIENDO LAS CALLES CON SEGURIDAD CON LOS NIÑOS PEATONES

Todos los conductores necesitan adoptar las medidas de seguridad de los peatones, especialmente los niños. En general, los peatones tienen derecho de paso en todas las intersecciones; sin embargo, sin importar cuáles sean las reglas del derecho de paso, usted como conductor está obligado a tener extrema precaución para evitar pegarle a un peatón. Por favor maneje con extrema seguridad al manejar por los vecindarios de la ciudad y cerca de las zonas escolares:

- Los conductores no deben bloquear el paso de los peatones al pararse ante el semáforo en rojo o esperando para dar la vuelta. No se pare con una parte de su vehículo sobre la línea límite del cruce de peatones. Al bloquear la zona peatonal, obliga a los peatones a darle la vuelta a su vehículo y los pone en una situación peligrosa.
- En una zona escolar cuando hay luces parpadeantes, usted debe pararse para darle el derecho de paso a los peatones que estén cruzando la calle, dentro de la zona peatonal marcada o en una intersección aún cuando no haya zona peatonal marcada.
- Párese siempre cuando haya un guardia de cruce de calles cerca de una escuela, oficial escolar o cruce escolar designado.
- Los niños son los menos predecibles y los más difíciles de ver. Ponga atención a los niños, no solo en las zonas escolares, sino también en zonas residenciales y cerca de áreas de juego y parques.
- No toque el claxon, acelere el motor, ni haga nada que apresure o asuste a un peatón cerca de su carro, aún cuando usted tenga el derecho de paso legalmente.
- Las luces rojas parpadeantes y una señal de alto que dure más tiempo de lo normal avisa a los motoristas que un autobús se ha parado y hay niños que están subiendo o bajando de un autobús escolar. El tráfico en ambas direcciones debe pararse cuando los alumnos estén subiendo o bajando de un autobús escolar.

Cumplimiento de las Reglas de los Fuegos Artificiales del 4 de Julio

El Departamento del Sheriff del Condado de Los Ángeles, el Centro de Servicios de Lawndale y la Ciudad de Lawndale, establecieron muy claramente que los fuegos artificiales ilegales no se permitirían en la Ciudad de Lawndale este año. Para correr la voz, el Departamento del Sheriff trabajando conjuntamente con la Ciudad de Lawndale: 1) habló sobre el cumplimiento de las reglas de los fuegos artificiales ilegales, en una serie de juntas del consejo de la ciudad, antes del 4 de Julio; 2) se crearon volantes, advirtiendo a los residentes sobre las multas y la posibilidad de ser arrestado; y 3) se entregaron volantes en los puestos de fuegos artificiales legales y en residencias donde se sabía que se habían prendido fuegos artificiales ilegales el año pasado. Además los canales de televisión de cable con avisos locales públicos, transmitieron información de seguridad sobre los fuegos artificiales y se les avisó a los residentes sobre los peligros de prender fuegos artificiales ilegales.

El 4 de Julio, la ciudad de Lawndale y el Departamento del Sheriff de Los Ángeles desplegó personal extra en todos los cuatro (4) distritos que se reportan en la ciudad. A pesar de todos los esfuerzos de parar los fuegos artificiales ilegales, todavía hubo quien decidió prenderlos. El Departamento del Sheriff de Los Ángeles expidió 28 citatorios y llevó a cabo dos (2) arrestos. Además se confiscaron aproximadamente ciento veinte (120) libras de fuegos artificiales ilegales. La Ciudad de Lawndale proporcionó un conductor y un camión para transportar los fuegos artificiales ilegales al Departamento de Bomberos del Condado de Los Ángeles, para deshacerse de ellos. Quienes recibieron el citatorio, o fueron arrestados, poseían, o se les vio prendiendo fuegos artificiales ilegales y ya tienen una fecha para presentarse en el juzgado. Van a tener que pagar una multa, costos del juzgado, honorarios de abogado (si es que contratan uno). En fin, les va a costar mucho dinero.

La razón por la cual del Departamento del Sheriff del Condado de Los Ángeles y la Ciudad de Lawndale toma tan seriamente los fuegos artificiales ilegales, es porque queremos que los residentes de Lawndale tengan un 4 de julio seguro. El 5 de julio fue fácil entrar en línea y ver todos los nuevos artículos sobre gente herida por los fuegos artificiales ilegales de la noche anterior. A un hombre en San José se le amputó una mano mientras que la otra le quedó seriamente herida cuando prendió un fuego artificial ilegal enfrente de su familia. En otro incidente, un hombre en Long Beach perdió su dedo pulgar al prender un fuego artificial ilegal. El teniente John Hocking del Departamento del Sheriff del Condado de Los Ángeles indicó, "no queremos que algo similar ocurra en la Ciudad de Lawndale, así es que informamos al público antes del 4 de julio y tuvimos cero tolerancia con los fuegos artificiales ilegales en la festividad del 4 de julio."

No volveremos a oír mucho sobre los fuegos artificiales ilegales hasta el 4 de Julio del año entrante, sin embargo, el Departamento del Sheriff del Condado de Los Ángeles y la Ciudad de Lawndale continuará haciendo cumplir las leyes sobre los fuegos artificiales, por todo el año y tendremos muchos oficiales en las calles, el año que entra. ¡Esperemos que hayan disfrutado y hayan tenido un Día de la Independencia seguro!
