Fall Capital Improvements Program Update

The Public Works Department is pleased to provide you with this quarterly update of the City's Capital Improvement Program (CIP). The program covers: street, concrete, and traffic improvements (including sidewalk, curb and gutter), parks, and city facilities improvements. Projects are currently under construction or are in the planning and design phases.

CURRENT PROJECTS

Inglewood Avenue Widening Project:

Phase I and II of the project boundary will be from Manhattan Beach Boulevard to the I-405 Freeway northbound on-ramp, as well as the Marine Avenue intersection. The project will include construction of a right turn pocket, pavement resurfacing, crosswalk and traffic signal replacements, utility relocation, curb, gutter, traffic striping and other roadway modifications that will complete the traffic improvements throughout the project limits.

Phase III of the project will widen Inglewood Avenue to provide a third southbound traffic lane from south of 147th Street to Marine Avenue. The project will also provide a continuous 10 foot wide sidewalk from Lawndale High School to Marine Avenue, a raised landscaped median island, traffic synchronization, street striping, and other roadway modifications that will complete the traffic improvements throughout the project limits.

The project is in the design phase and is anticipated to be completed in 2018. Funding sources include Measure R, Prop C and other federal funds (SAFETEA-LU).

FY 2016-17 Annual Street Improvements Projects:

The City's Capital Improvement Program identified the following streets for improvement during the past fiscal year of 2016-17:

- W. 162nd Street (Firmona Avenue to Hawthorne Boulevard)
- W. 164th Street (Inglewood Avenue to Freeman Avenue)
- W. 168th Street (Inglewood Avenue to Prairie Avenue)
- W. 170th Street (Inglewood Avenue to Hawthorne Boulevard)
- Larch Avenue (Marine Avenue to Manhattan Beach Boulevard)
- Prairie Avenue (Northern City Limit to south of 149th Street)
- Osage Avenue (Firmona Avenue to 167th Street)
- Alleyway west of Hawthorne Blvd (166th Street to 167th Street)
- Alleyway east of Hawthorne Blvd (166th Street to 169th Street)

Street Improvements addressed the following: asphalt pavement repairs; restored roadway gutter-drainage flows to eliminate and diminish street and cross-gutter nuisance water; removal of existing slotted cross-gutters; repaired damaged sidewalks, curbs and gutters, cross-gutters, alley gutters, curb return ramps, and driveway approaches; re-established traffic striping, pavement markers, and signage.

The project entered the design phase in January 2017 and is anticipated to be completed in the fall of 2017. Funding sources included Measure R, State Gas Tax Revenues, Prop C, TDA, and STP-L.

W. 145th Street Improvements:

The project will include street improvements on W. 145th Street from Condon Avenue to Hawthorne Boulevard. Construction is expected to begin in October 2017 with anticipated completion in December 2017. The project will address street infrastructure deficiencies such as: poor pavement conditions; drainage issues resulting from damaged gutters; outdated wheelchair ramps; and damaged driveway approaches and sidewalks. The project is funded by CDBG and Measure R funds.

COMPLETED PROJECTS

City-wide Asphalt Repairs Project:

Due to the heavy rainfall this past winter and spring, numerous potholes in city streets and alley-ways were found and patched. The work completed consisted of asphalt repairs and some concrete repairs at various city streets.

Repairs were completed during July & August. The project was funded using Fiscal Year 2016-17 Public Works Administrative and Street Maintenance Gas Tax Funds. Please contact the Public Work Department if new potholes are found.

Back to School Safety Checklist:

Transportation Safety:

Whether your children walk to school, ride their bicycle or take the bus, it is extremely important that they take proper safety precautions. Below are some tips to make sure your child travels safely to school.

When Walking to School:

- Review your family's walking safety rules.
- Walk on the sidewalk if one is available. When on a street with no sidewalk, walk facing traffic so you can see the motorists as they travel towards you.
- Before you cross the street, stop, look left, right and left again to see if cars are coming.
- Never dart out in front of a parked car.
- Practice walking to school with your child. Cross streets at crosswalks and controlled intersections when available.

When Riding a Bicycle to School:

- Make sure your child always wears his/her helmet when leaving the house.
- Make sure the helmet is fitted and secured properly.
- Teach your children the rules of the road.
- When riding with others, ride on the right side of the road, with traffic, and in a single file.
- Come to a complete stop before crossing the street and walk your bike when crossing any street.

When Riding the Bus to School:

- Go to the bus stop with your child to teach them the proper way to get on and off the bus.
- Make sure your children stand six feet away (or 3 giant steps) from the curb.
- If your child and you need to cross the street in front of the bus, walk on the side of the road until you are at least 10 feet ahead of the bus. You always should be able to see the bus driver, and the bus driver should always be able to see you.

School Safety:

Many school-related injuries are preventable. Follow these steps to ensure your child's safety at school.

Preventing backpack-related injuries

- Chose a backpack for your child carefully. It should have ergonomically designed features to enhance safety and comfort.
- Don't overstuff a backpack; it should weigh no more than 10 to 20 percent of your child's body weight. For example, a child that weighs 60 pounds should carry a backpack no heavier than 12 pounds.
- Have your children use both straps when wearing their backpack to evenly distribute the weight on their shoulders.

Preventing playground-related injuries

- Encourage your child to use playgrounds with a soft surface if available. Be extra careful on playgrounds with concrete surfaces.
- Children under the age of four should use climbing equipment with assistance and adult supervision. Watch out for older children when they're climbing, especially on monkey bars.

Cell Phone Safety Tips

Cellular phones are popular targets for criminals. When people are walking

Los Angeles County Sheriff's Department

on a public street talking on their phones, they are often so occupied with their phone call that they are not paying attention to people around them. This can make them an easy target for a criminal. Suspects have been known to take advantage of this inattention and steal the victim's cell phone before the victim can react. Here are some tips to reduce the chances of being a victim:

- Conceal your phone. When you are not using your phone, have it in your pocket, or in a phone case.
- If you need to make a call while walking on a public street, pay attention to your surroundings. When you have completed your call, put the phone away.
- Do not text or carry the phone in your hands for long periods of time. Send your text, then secure your phone out of sight.

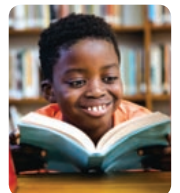

These are just a few suggestions intended to lessen the likelihood of you becoming a target of would be criminals and becoming a victim of theft.

Lista de Seguridad para Regresar a la Escuela:

Seguridad en cuanto a Transportación:

Ya sea que sus hijos caminen a la escuela, se vayan en bicicleta o tomen el autobús, es muy importante que tomen las precauciones necesarias. A continuación tenemos unos consejos para asegurarse que sus hijos vayan con toda seguridad a la escuela.

Al caminar a la escuela:

- Cuando vaya caminando, revise las reglas de seguridad de su familia.
- Camine sobre la banqueta, si es que hay una disponible. Al caminar por la calle donde no hay banqueta, camine de frente al tráfico, para que pueda ver a los motoristas cuando vienen hacia usted.
- Antes de cruzar la calle, pare, mire a la izquierda, mire a la derecha y a la izquierda otra vez a ver si vienen autos.
- Nunca salga abruptamente enfrente de un auto estacionado.
- Practique caminar a la escuela con su hijo(a). Cruce la calle en los cruces peatonales e intersecciones controladas, cuando las haya.

Cuando se vaya en bicicleta a la escuela:

- Asegúrese que su hijo(a) use su casco al salir de la casa.
- Asegúrese que el casco le quede bien y le ajuste adecuadamente.
- Enséñele a sus hijos las reglas del camino.
- Al ir con otros, deben andar en el lado derecho de la calle, con el tráfico y en una sola fila.
- Párese completamente antes de cruzar la calle y camine junto a su bicicleta al cruzar cualquier calle.

Cuando vaya en autobús a la escuela:

- Vaya a la parada del autobús con su hijo(a) y enséñele la manera apropiada de subirse y bajarse del autobús.
- Asegúrese que sus hijos se paren a seis pies (o 3 pasos gigantes) de la orilla de la banqueta.
- Si su hijo(a) y usted necesitan cruzar la calle en frente del autobús, camine al lado de la calle hasta que esté por lo menos a 10 pies adelante del autobús. Siempre debe poder ver al chofer del autobús, y el chofer del autobús siempre los debe poder ver a ustedes.

Seguridad en la Escuela:

Muchas lesiones que ocurren en la escuela, se pueden evitar. Siga estos pasos por la seguridad de su hijo(a) en la escuela.

Prevención de lesiones relacionadas con la mochila

- Escoja cuidadosamente la mochila de su hijo(a). Debe estar ergonómicamente diseñada para seguridad y comodidad.
- No rellene la mochila; no debe pesar más de 10 a 20 por ciento del peso de su hijo(a). Por ejemplo, si su hijo pesa 60 libras, debe traer una mochila que no pese más de 12 libras.
- Haga que su hijo se ponga los dos tirantes al cargar su mochila, para distribuir uniformemente el peso en sus hombros.

Prevención de lesiones relacionadas con las áreas de juego

- Anime a su hijo(a) a que use las áreas de juego con superficies suaves cuando las haya disponibles. Tenga mucho cuidado con las áreas de juegos con superficies de concreto.
- Los niños menores de cuatro años, deben subirse a los juegos con la ayuda y supervisión de un adulto. Cuidado con los niños mayores cuando se suban a los juegos especialmente cuando se cuelguen de las barras de mono.

Consejos de Seguridad del teléfono celular

Los teléfonos celulares son un blanco para los delincuentes. Cuando la gente camina por la vía pública, hablando en sus celulares, a menudo están tan ocupados con su llamada que no están poniendo atención a la gente alrededor de ellos. Esto los convierte en un blanco fácil para un delincuente. Es sabido que los sospechosos se aprovechan de la falta de atención y les roban el celular, antes de que la víctima pueda reaccionar. He aquí unos consejos para reducir las posibilidades de convertirse en una víctima:

- Esconda su teléfono. Cuando no esté usando su teléfono, guárdelo en su bolsillo o en su estuche.
- Si necesita hacer una llamada estando en la calle, ponga atención a sus alrededores. Al terminar su llamada, guarde el teléfono.
- No escriba textos o lleve su teléfono en las manos por mucho tiempo. Mande su texto y guarde su teléfono.

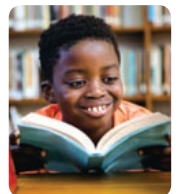

Estas son solo unas sugerencias para disminuir la posibilidad de convertirse en un blanco de los delincuentes y convertirse en una víctima de robo.
