Illegal Fireworks Are Prohibited in Lawndale

The City of Lawndale, the Los Angeles County Sheriff's Department and the Los Angeles County Fire Department will be out in force this Fourth of July season to curb the use of illegal fireworks in Lawndale. Illegal fireworks are any fireworks that do not bear the California Fire Marshal "Safe and Sane" designation. Safe and Sane fireworks can only be used in Lawndale from noon on July 4th through 1 a.m. on July 5th. Any firework that shoots up in the air or explodes is illegal anywhere and at any time in the City of Lawndale. Fireworks are also prohibited in all City parks.

Violations of these laws will be strictly enforced and are punishable by up to a \$1,000 fine plus penalties and assessments from the courts.

If you know of areas in your neighborhood where illegal fireworks are used each year, please notify the Los Angeles County Sheriff's Department at (310) 219-2750 or contact the Municipal Services Department at (310) 973-3220 for additional information.

THE FOLLOWING FIREWORKS ARE PROHIBITED:

PUBLIC WORKS DEPARTMENT NEWS

The Public Works Department is located at 4722 Manhattan Beach Blvd. and can be reached by calling **(310) 973-3260**, Monday through Thursday between the hours of 7:00 a.m. and 6:00 p.m.

Spring Capital Improvements Program Update

The Public Works Department is pleased to provide you with this quarterly update of the City's Capital Improvement Program (CIP). The program covers street, concrete and traffic improvements (including sidewalk, curb and gutter), parks, and city facilities improvements. Many projects are currently under construction or are in the planning and design phases.

CURRENT PROJECTS

Citywide Traffic Signal Improvements: The City received a \$1.5 million Los Angeles County Metropolitan Transit Authority Measure R Grant to improve several traffic signals in the community that are outdated. The signal upgrades will facilitate traffic, bicycle, and pedestrian movements within the City's transportation network. Some of the traffic signal improvements will include the following elements: full-traffic actuated operation; bicycle and pedestrian use accommodations; timing plans for signals and new controllers, cabinets, conduits, wiring, and detection loops where needed and at a number of the following locations: Manhattan Beach Boulevard at Freeman Avenue; Rosecrans Avenue at Jefferson Avenue; Rosecrans Avenue at Ramona Avenue; Rosecrans Avenue at Firmona Avenue; Inglewood Avenue at W. 147th Street (both intersections); Inglewood Avenue at W. 152nd Street; Artesia Boulevard at Inglewood Avenue; Artesia Boulevard at Kingsdale Avenue; Artesia Boulevard at Grevillea Avenue; Prairie Avenue at W. 164th Street; Prairie Avenue at Manhattan Beach Boulevard; Prairie Avenue at W. 154th Street; Prairie Avenue at W. 147th Street; Prairie Avenue at Rosecrans Avenue; Marine Avenue at Firmona Avenue; Marine Avenue at Mansel Avenue; and Marine Avenue at Freeman Avenue. Construction is expected to be completed in July.

COMPLETED PROJECTS:

Roadway Improvements: Two projects were in construction in January 2015 to rehabilitate several streets. The roadway improvements were divided into two separate projects given their different funding sources.

The general items of work for the two projects will include cold milling the existing asphalt pavement at variable depths; placement of an asphalt concrete overlay; reconstruction of curb ramps to meet Americans with Disabilities Act (ADA) requirements; reconstruction of some driveways; sidewalks, curbs and gutters; and other supplementary work.

One project included street and roadway improvements to the following street segments:

- W. 156th Street from Condon Avenue to Hawthorne Boulevard
- W. 153rd Place from Condon Avenue to Mansel Avenue
- Rixford Avenue from Manhattan Beach Boulevard frontage to end of cul-de-sac

This project was funded with Community Development Block Grant (CDBG) Federal Government Housing and Urban Development (HUD) Section 3 Grant and Proposition C funds. The project broke ground in November and was completed in January.

A second project included street and roadway improvements to the following street segments in the City:

- Burin Avenue from W. 145th Street to Marine Avenue
- W. 169th Street from Hawthorne Boulevard to W. 170th Street
- Freeman Avenue from W. 166th Street to Redondo Beach Boulevard
- Condon Avenue from Rosecrans Avenue to W. 147th Street
- W. 171st Street from Hawthorne Boulevard to Freeman Avenue
- Firmona Avenue from Manhattan Beach Boulevard to Artesia Boulevard

Construction for this project began in December 2014 and was recently completed in February. This project was funded with Proposition C and Los Angeles County Metropolitan Transit Authority Measure R funds.

Water Conservation Urged Due to Drought

With the State officially in a drought, Californians are urged to cut water use by 20 percent. The City of Lawndale offers the following conservation tips:

- Use sprinklers or hoses during off-peak hours (the early morning or evening) to reduce evaporation and interference from wind. Check the sprinkler system frequently and adjust sprinklers to avoid watering homes, sidewalks and streets.
- Run only full loads of clothes in washers and dishwashers.
- Avoid flushing toilets unnecessarily; dispose of tissues, insects and other similar waste in the trash instead.
- Don't leave the water running when washing dishes, brushing your teeth or shaving.
- Fix leaking faucets and save up to 20 gallons of water a day.
- Wash produce in sink or pan that is partially filled with water instead of running from the tap.
- Store drinking water in the refrigerator rather than letting the tap run to get a cold glass of water.
- Use a broom instead of a hose to clean your driveway or sidewalk and save up to 150 gallons of water each time.
- For fish tank owners, use the water drained from the fish tank for plants. The water is rich in nitrogen and phosphorus, providing a free and effective fertilizer.

Hogan Park Expansion Project Underway

A number of years ago, public meetings and input was sought from area residents that has resulted in a new and improved park that is being constructed on Osage Avenue between 167th and 168th Streets. Now that project funding has been restored, former Hogan Tot Lot park is being renovated into a new larger park, Hogan Park, with additional amenities is taking shape and it will include removal and disposal of existing playground equipment and footings, existing sand and rubber surfaces, park lights, and irrigation system. The new park will include placement of new play equipment, rubber surfacing, creation of a street cul-de-sac, construction of a one-story park facility with an office and restrooms. In addition, the installation of concrete ramps and related accessory work as required for a full and complete park is taking place as this newsletter is being written.

The project was bid publicly and the City received nine (9) bids for the construction project. The City Council awarded the contract in February 2015 and the ground-breaking ceremony took place in March 2015.

The project is expected to be completed in June/July and is scheduled to be dedicated to public use at a date to be determined.

Spotlight on Public Works for 1st Quarter 2015

STOP SIGN REPLACEMENT PROJECT: The stop-sign replacement project has been completed in the City. The Public Works Crews replaced faded or damaged stop signs. The new stop signs are reflective and have an anti-graffiti film and will aid drivers during the evening hours, reducing the time spent for graffiti removal. The crew is now replacing street sweeping signs throughout the City.

RECYCLING PROGRAMS AND NEWS

FREE SHARPS COLLECTION CONTAINERS AND USED MOTOR OIL AND FILTER RECYCLING CONTAINERS

The City of Lawndale Public Works Department is distributing free SHARPS containers to the community while supplies last. Provided by the Los Angeles County Department of Public Works, these containers provide a safe and simple way to dispose of home-generated sharps waste, which by law, cannot be thrown in the trash. "SHARPS" is the term used to describe any item that is capable of puncturing the skin such as needles and lancets. Medical sharps are used in many homes to administer medications, such as allergy shots and insulin and to monitor physical states such as blood sugar levels.

DO YOU CHANGE YOUR OWN MOTOR OIL AND FILTER?

If so, be sure to recycle the used oil and filter. Pouring used motor oil on the ground can quickly pollute large amounts of water. One gallon of motor oil can contaminate one million gallons of fresh water. That is one year's supply of water for 50 people! The City of Lawndale Public Works Department is distributing oil and filter recycling containers at no charge to the community while supplies last.

You can pick up either of these containers at the City of Lawndale Public Works Yard located at 4722 Manhattan Beach Blvd. on a Monday through Thursday basis between the hours of 8:00 a.m. and 5:00 p.m. The containers can then be taken for disposal to a Household Hazardous Waste Collection Center or to Hyperion S.A.F.E. Collection Center at 7660 W. Imperial Hwy., Gate B, Playa Del Rey on Saturdays and/or Sundays from 9:00 a.m. to 3:00 p.m. year-round.

FREE BULKY ITEM PICK-UP

Single family residents are eligible for four free bulky-item pickups per year, with a maximum of four items per pick-up. Residents of multi-family properties can receive one free pickup per year with up to four items. Before you set your bulky items at the curb for pick-up, please call Republic Services for a FREE disposal appointment at (800) 299-4898. If you don't call and make a pickup appointment, your items will not get picked up.

MANDATORY COMMERCIAL RECYCLING

State law (AB341) requires mandatory recycling for businesses that produce four cubic yards or more of trash per week and multi-family properties with five units or more. Be sure you are in compliance by calling Republic Services at (800) 299-4898 to review your account.

Larch Avenue Park Coming in 2016!

On March 7, 2011, the City Council approved the purchase of a 1.5 acre property located on Larch Avenue just south of W. 147th Street with the intention of developing the land into a park. Soon after the land was purchased, a conceptual design was created which was the result of several public outreach workshops in which extensive community input was received. Subsequently, the City received \$4 million in California State Proposition 84 grant funding to develop the land into a park.

We thank all of the residents who have participated in the public outreach events. Your participation has helped the City design a park that the children can enjoy and one that everyone will be proud of. Property preparation activities are being completed; construction is expected to begin this summer. The park is expected to be opened to the public in the spring of 2016.

Kids, Cool Off at Jane Addams Park This Summer!

The wading pool at Jane Addams Park will be open this summer each Monday through Friday from 12:00 p.m. to 4:00 p.m. beginning July 1 through August 21. The pool is designed for young children 2 to 6 years of age and adult supervision, preferably parental supervision, is required. Bathing suits and swim diapers specifically designed for pools are required as well. Traditional baby diapers are not allowed in the pool at any time. Please prevent unnecessary sunburns and bring your own sunscreen.

Cell Phone Safety Tips

Cellular telephones are popular targets for criminals.

When people are walking on a public street talking on their telephones, they are so occupied with their telephone call that they are not paying attention to people around them. This can make them an easy target for a criminal. Suspects have been known to take advantage of this inattention and steal the victim's cell phone before the victim can even react. Here are some tips to reduce the chances of being a victim:

- Conceal your telephone. When you are not using your phone, have it in your pocket, or in a phone case.
- If you need to make a call while walking on a public street, pay attention to your surroundings. When you have completed your call, put the telephone away.
- Do not text or carry the telephone in your hands for long periods of time. Send your text, then secure your phone out of sight.

These are just a few suggestions intended to lessen the likelihood of you becoming a target of would be criminals and becoming a victim of theft.

Business License Requirements for Rental of Residential Units:

If you are a property owner in the City of Lawndale and you engage in the rental of residential units, it is a requirement that a business license be obtained prior to renting to any tenants. Business licenses are charged on an annual basis. Fees are based on the total number of units that will be rented as part of your residential rental business. Residential rental businesses pay a one time application fee of \$75 plus a charge of \$24 annually per unit. Fees are exempt for owner occupied units plus one additional unit that is on the property. Additionally, the application fee of \$75 is waived for properties that have five (5) or less units. Business license applications can be obtained from the Finance Department at City Hall, Monday-Thursday from 7:00 a.m. - 5:30 p.m. For more information please contact the Finance Department at (310) 973-3246.

Water Conservation Tips

As you are probably aware, on April 1, 2015, California Governor Jerry Brown issued Executive Order B-29-15 to impose restrictions to achieve a 25 % reduction in potable urban water usage through February 28, 2016. Currently, under these emergency conservation regulations, it is prohibited for anyone to use potable water for the following: 1) to wash down driveways and/or sidewalks; 2) to allow irrigation run-off; 3) to use a hose without a shutoff nozzle; 4) to use water in decorative water features that do not re-circulate the water and 5) to use outdoor irrigation during any 48 hour period following measurable precipitation.

In addition to saving money on your utility bill, here are some tips that you can use at home to help do your part in conserving even more water:

- Use your dishwasher. Dishwashers typically use less water versus washing dishes by hand.
- Take shorter showers. Shortening your shower by one or two minutes will save up to 150 gallons of water per month.
- Turn off the water while brushing your teeth. This can save up to four gallons per minute.
- Fix leaky toilets. While a leaky toilet may be out of sight and out of mind, it is one of the biggest water wasters inside your home. Estimated daily savings is between 30-50 gallons per day.
- Water your landscape one or two days per week versus five days per week and minimize evaporation by watering during the early morning hours. This can save you up to 85 gallons per week.

Lawndale Residents May Qualify for a Measure CL Tax Exemption

On November 6, 2012, Los Angeles County voters in the Lawndale, Hawthorne, Wiseburn, Lennox and Centinela Valley school districts approved Measure CL, a Local Classrooms Funding Authority parcel tax intended to generate approximately \$11 million per year. Residents who own a single family house or condominium in Lawndale may be eligible for a Measure CL tax exemption if you fall into the category of a senior citizen over age 65 or if you qualify for a disability exemption. The deadline to file for an exemption is June 30 of each year. However, you do not have to reapply each year once you begin receiving the exemption. Exemption applications are available at each elementary school district office, Lawndale City Hall, Wiseburn Library and Lennox Senior Center. Additional information on Measure CL and the exemptions can be found at the following web site: <http://lcfaparceltax.org>.

The Lawndale Farmer's Market also provides good food prepared right on the spot while you wait. If you are interested in good food and good company, visit Lawndale's Certified Farmer's Market on any Wednesday.

General Plan Safety Element Update and Local Hazard Mitigation Plan - Making Plans For Safety

The City of Lawndale is taking steps right now to protect our community from earthquakes and other hazards, to prepare for emergencies, and to provide adequate fire and police services. The City has been awarded a grant through the State of California Disaster Recovery Initiative Program to bring its safety plans up to date. Ultimately, this effort will help Lawndale become a safer and more resilient community.

Efforts currently underway include updating or preparing the following:

- **Safety Element:** As part of the City's General Plan, the Safety Element provides long-range planning for community safety. It guides the provision of fire and police services. It also identifies potential hazards such as fire, earthquakes, flooding, and hazardous materials, and guides City decision-making to minimize risks from these hazards.
- **Local Hazard Mitigation Plan (LHMP):** The Local Hazard Mitigation Plan will analyze the community's risk from natural hazards, coordinate available resources, and provide a set of action items that can help reduce risk and future losses over the long term. It is expected to include education and outreach programs, partnerships, and other risk reduction activities.
- **Emergency Operations Plan:** The Emergency Operations Plan guides how the City government responds to community emergencies, as well as how it prepares staff to respond. It is designed to ensure coordination with other agencies that are involved in emergency response. It also specifies how the City will communicate with residents during emergencies.
- **Soft Story and Unreinforced Masonry Structures Map:** The City is conducting a survey of Lawndale's buildings to identify and create a map of unreinforced masonry and soft-story buildings, which may be vulnerable to earthquakes.

The LHMP will be discussed at the July 6 City Council meeting. The meeting begins at 6:30 p.m. in the City Hall Council Chamber.

COMMUNITY NEWS AND ANNOUNCEMENTS

2015 Outstanding Older American Award Recipient

Each year, the County of Los Angeles Commission for Older Adults requests nominations of outstanding older adults in the five Los Angeles County supervisory districts. The purpose of the award is to reward older adults for their volunteerism in the communities in which they serve. This year, the City of Lawndale's recipient is John Andersen.

Mr. Andersen has lived in the South Bay his entire life and has been married to his wife Marilyn since 1958. He enjoys participating in many activities such as exercising at the gym and traveling. Mr. Andersen's passion for travel has led him to be a volunteer for the City of Lawndale's Senior Travel Club. He has been a dedicated volunteer in Lawndale for 11 years. Mr. Andersen spends numerous hours ensuring that the club operates smoothly so it is enjoyable for the seniors. As President of the Lawndale Travel Club he uses his free time planning excursions for the seniors, booking transportation, and creating activities that will promote lifelong learning. Mr. Andersen's thoughtful approach to finding the perfect tour, festival, or stage play helps keep seniors active and healthy. Congratulations, Mr. Andersen, the City of Lawndale is a better place because of the work you have done.

Rogers Middle School Helps to Divert 320 Tons of Trash from Landfills

After months of sorting lunchtime waste, educational assemblies on waste reduction and being quizzed on "trashy" trivia, Grades of Green's Trash Free Lunch Challenge finalist schools have been selected for the prestigious Los Angeles County-wide competition.

24 Los Angeles schools entered the Challenge in August to see which school could divert the most waste and best inspire their student body to take on lifelong waste reduction habits. Participating schools asked students to reduce trash by bringing reusable lunch containers and using lunchtime sorting stations to form habits that will protect the environment for years to come.

As in past years, all of the participating schools exceeded all expectations. The Trash Free Lunch Challenge schools collectively surpassed the 100,000th trash bag mile marker. Even more impressive, the schools educated nearly 11,000 students on waste reduction; that's more students than any other previous Challenge year.

To be considered as a finalist, each school filled out an end-of-year application showing the number of trash bags diverted, the strategies they used to educate their campus community about waste reduction and the sustainability of their waste-reduction program. The finalist schools from the middle school category are:

- Cesar Chavez Middle School (Lynwood)
- El Segundo Middle School (El Segundo)
- Will Rogers Middle School (Lawndale)

In April, members from Algalita Marine Research and Education, Trash for Teaching, Bag2Speak and other environmental experts sat on the Trash Free Lunch Challenge judging panel and toured each of the finalist schools to see each school's waste reduction programs in action. The winning schools received education grants from Chevron to continue their environmental programs. Congratulations to all of the finalists.

2015 Rotary Club Deputy and Firefighter of the Year

On April 16, 2015, the Lawndale Rotary Club held their annual "Firefighter and Deputy of the Year" luncheon at the Harold E. Hofmann Community Center in Lawndale.

Attended by Rotarians, community and business members, and the Lawndale City Council, this yearly award highlights a deputy and firefighter who currently work in the City of Lawndale.

This year's honorees, **Deputy Robert Maas** from the Los Angeles County Sheriff's Department, South Los Angeles Station/Lawndale Service Center, and Los Angeles County Fire

Captain Robert Smith, Fire Station 21, were duly recognized and honored for the excellence they have provided to our city throughout the year.

If you happen to see these public servants out and about in the community, be sure to tell them **THANK YOU** for the outstanding work they do in our community. **CONGRATULATIONS**, Deputy Maas and Fire Captain Smith for being selected Deputy and Firefighter of the Year by the Lawndale Rotary Club!

Se insta conservar el agua debido a la sequía

Con el Estado, oficialmente en sequía, se insta a los Californianos a que recorten el agua en un 20 por ciento. La ciudad de Lawndale ofrece los siguientes consejos para ahorrar el agua:

- No use aspersores o mangueras durante las horas pico (hágalo temprano en la mañana o en la noche) para reducir la evaporación e interferencia con el viento. Revisar el sistema de aspersores frecuentemente y ajustar los aspersores para evitar regar las residencias, las banquetas y las calles.
- Ponga solamente cargas completas en la lavadora y en la lavavajillas.
- Evite jalarle al excusado innecesariamente; tire los pañuelos desechables, insectos y otra basura similar en los botes de basura.
- No deje corriendo el agua al lavar los platos, lavarse los dientes o rasurarse.
- Arregle cualquier fuga de las llaves del agua y ahorre hasta 20 galones de agua al día.
- Lave las verduras en el fregadero o en un recipiente que esté parcialmente lleno con agua, en lugar de con el agua corriente.
- Guarde el agua de beber en el refrigerador en lugar de dejar correr el agua para sacar un vaso de agua fría.
- Use una escoba en lugar de la manguera para limpiar su driveway o la banqueta y ahórrase hasta 150 galones de agua cada vez.
- Para quienes tienen acuarios, use el agua que saque del tanque, para regar sus plantas. El agua es rica en nitrógeno y fósforo brindando un fertilizador efectivo y gratuito.

Consejos de Seguridad de los Teléfonos Celulares

Los teléfonos celulares con blancos muy populares entre los criminales. Cuando la gente camina por una calle pública hablando en sus celulares, están tan ocupados con su llamada telefónica, que no ponen atención a la gente que los rodea. Esto los hace un blanco fácil para un criminal. Se sabe que los sospechosos se aprovechan de esta falta de atención y le roban el teléfono celular a la víctima, antes de que ésta pueda reaccionar. He aquí algunos consejos para reducir las posibilidades de convertirse en una víctima:

- Esconda su teléfono. Cuando no esté usando su teléfono, guárdelo en su bolsillo o en un estuche de teléfono.
- Si necesita hacer una llamada mientras camina por una calle, ponga atención a sus alrededores. Al terminar su llamada, guarde el teléfono.
- No textee o tenga el teléfono en las manos por mucho tiempo. Mande su texto e inmediatamente guarde su teléfono.

Estas son algunas sugerencias para reducir la probabilidad de convertirse en un blanco de un criminal y convertirse en una víctima de robo.

Se requiere licencia comercial para la renta de unidades residenciales:

Si usted es dueño de una propiedad en la Ciudad de Lawndale, y renta unidades residenciales, se requiere que obtenga una licencia comercial antes de rentarle a cualquier inquilino. Las licencias comerciales se cobran anualmente. Las cuotas están basadas en el número de unidades que se rentarán como parte de su negocio de renta residencial. Los negocios de renta residencial pagan una cuota única de solicitud de \$75 más el cargo anual de \$24 por unidad. La cuota es exenta para las unidades ocupadas por el dueño más una unidad más que se encuentre en la misma propiedad. Además se perdona la cuota de solicitud de \$75 para propiedades que tengan (5) o menos unidades. La solicitud para licencia comercial se puede obtener del Departamento de Finanzas en el Ayuntamiento de lunes a jueves, de 7:00 a.m. - 5:30 p.m. Para mayor información contacte al Departamento de Finanzas al (310) 973-3246.

Consejos para la Conservación del Agua

Como usted probablemente ya sabe, el 1° de abril de 2015, el Gobernador de California, Jerry Brown, expidió una orden ejecutiva B-29-15, para imponer restricciones para lograr un 25 % de reducción en el uso de agua potable urbana, hasta el 28 de febrero del 2016. Actualmente, bajo estos reglamentos de conservación de emergencia, se prohíbe a cualquier persona, usar agua potable para lo siguiente: 1) lavar los driveways y/o las banquetas; 2) permitir que el riego se escurra; 3) usar una manguera sin una boquilla que cierre el agua; 4) usar el agua en cuestiones decorativas que no recirculan el agua y 5) usar irrigación exterior durante cualquier período de 48 horas posteriores a cualquier precipitación mensurable.

Además de ahorrar dinero en su cuenta de servicio, he aquí algunos consejos que puede usar en su casa para ayudarle a que usted contribuya con su parte de conservar aún más agua:

- Uso de su lavavajillas. Las lavavajillas por lo general usan menos agua que lavando a mano.
- Dése duchas más cortas. El reducir el tiempo de sus duchas por 1 o 2 minutos, le ahorrará como 150 galones de agua al mes.
- Cíerrelle al agua cuando se lave los dientes. Esto le puede ahorrar hasta cuatro galones por minuto.
- Arregle cualquier fuga en los excusados. Aunque no se vea la fuga de agua en un excusado o que se le olvide, es uno de los desperdicios de agua más grandes en su casa. Se calcula que los ahorros son entre 30 y 50 galones por día.
- Riegue su jardín una o dos veces por semana, en lugar de cinco días, y minimice la evaporación regando temprano en la mañana. Esto le puede ahorrar hasta 85 galones por semana.

Para mayor información sobre cómo ahorrar agua, visite www.bewaterwise.com

¿Sabía used...

que es ilegal tener una venta de yarda/garaje, sin un permiso expedido por la ciudad?

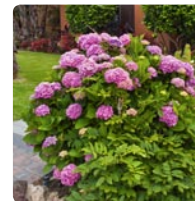

Antes de realizar una venta de yarda o de garaje, en la ciudad, debe obtener un permiso del Departamento de Finanzas de la Ciudad de Lawndale. Se requiere un permiso de \$3 por un día de venta, una vez cada tres meses. Se puede obtener un permiso de \$6 por dos días de venta. Los residentes de Lawndale pueden calificar para una exención de impuestos con la Medida CL

El 6 de noviembre de 2012, los votantes del Condado de Los Ángeles en los distritos escolares de Lawndale, Hawthorne, Wiseburn, Lennox y Centinela Valley aprobaron la Medida CL, un impuesto de lotes de financiamiento de aulas locales destinado a generar aproximadamente \$11 millones por año. Los residentes que son dueños de una casa unifamiliar o condominio en Lawndale pueden ser elegibles para una exención de impuestos de la Medida CL, si usted se encuentra dentro de la categoría de una persona mayor de 65 años o si usted califica para una exención por discapacidad. La fecha límite para solicitar una exención es el 30 de junio de cada año. Sin embargo, usted no tiene que volver a solicitar cada año una vez que comience a recibir la exención. Las solicitudes de exención están disponibles en cada oficina del distrito de la escuela primaria, el Ayuntamiento de Lawndale, Biblioteca Wiseburn y el Centro de Seniors Lennox. Puede encontrar información adicional sobre la Medida CL y las exenciones en el siguiente sitio web: <http://lcfaparceltax.org>.

Farmer's Market Certificado de Lawndale

¿Sabía usted que Lawndale tiene su propio Farmer's Market certificado? ¿Por qué ir lejos cuando puede comprar fruta y verdura orgánica aquí mismo, de granjeros amistosos, a precios razonables? Cuando compra alimentos en el Farmer's Market de Lawndale, usted está contribuyendo a un medio ambiente responsable y a una vida saludable.

El Farmer's Market certificado de Lawndale opera todos los miércoles de 2:00 p.m. a 7:00 p.m. en la Plaza del Centro Cívico de Lawndale ubicado en el 14615/14717 de la Avenida Burin, cerca de la intersección de la Avenida Burin y la Calle 147, a una cuadra al oeste del Bulevar Hawthorne.

El Farmer's Market de Lawndale también brinda buena comida preparada en el momento, mientras usted espera. Si le interesa la buena comida y la buena compañía, visite el Farmer's Market Certificado de Lawndale, los miércoles.

Actualización de Elementos al Plan de Seguridad General y Plan Local de Mitigación de Riesgos - Planes de Seguridad

Actualmente la Ciudad de Lawndale está dando los pasos necesarios para proteger a nuestra comunidad de terremotos y otros peligros, para prepararse para emergencias y brindar el servicio de bomberos y policía adecuados. Se le ha dado a la ciudad una subvención, a través del Programa de Iniciativa para la Recuperación de Desastres del Estado de California, para actualizar sus planes de seguridad. Finalmente este esfuerzo ayudará a tener una comunidad más segura y más fuerte.

Los esfuerzos que se están realizando actualmente, incluyen actualizar y prepararse para lo siguiente:

- **Elemento de Seguridad:** Como parte del Plan General de la Ciudad, el Elemento de Seguridad proporciona planificación a largo plazo para la seguridad de la comunidad. Guía la disposición de los servicios de policía y bomberos. También identifica riesgos posibles como incendios, terremotos, inundaciones, materiales peligrosos y guía la toma de decisiones de la ciudad para minimizar el riesgo de estos peligros.
- **El plan local de Mitigación de Riesgos (LHMP por sus siglas en inglés):** El Plan Local de Mitigación de Riesgos analizará los riesgos de la comunidad, de riesgos naturales, coordinará los recursos disponibles y proporcionará un conjunto de elementos de acción que puedan ayudar a reducir los riesgos y futuras pérdidas a largo plazo. Se espera que incluya la educación y programas de extensión, asociaciones, y otras actividades de reducción de riesgos.
- **Plan de Operaciones de Emergencia:** El Plan de Operaciones de Emergencia guía cómo responda el gobierno de la Ciudad a las emergencias de la comunidad, así como se prepare al personal para que responda. Está diseñado a asegurar la coordinación con otras agencias que estén envueltas en la respuesta a la emergencia. También especifica cómo se comunicará la Ciudad con los residentes durante las emergencias.
- **Mapa de Pisos Débiles y Estructuras sin Refuerzo:** La Ciudad está llevando a cabo una encuesta en los edificios de Lawndale, para identificar y crear un mapa de construcciones no reforzadas y edificios con pisos débiles que pudieran ser vulnerables a los terremotos.

Se hablará sobre el LHMP, en la junta del Consejo de la Ciudad, el 6 de Julio. La junta comienza a las 6:30 p.m. en la Sala de Consejo del Ayuntamiento.

Receptor del Premio del Americano Mayor de Edad más Sobresaliente del 2015

Cada año, la Comisión Los Ángeles de Adultos Mayores, pide la nominación de adultos mayores en los cinco distritos supervisores del Condado de Los Ángeles. El propósito del premio es recompensar a adultos mayores por su servicio voluntario en las comunidades en las que participan. Este año, el recipiente de la Ciudad de Lawndale es John Andersen.

El Sr. Andersen ha vivido en South Bay toda su vida y ha estado casado con su esposa Marilyn desde 1958. Disfruta de participar en muchas actividades como hacer ejercicio en el gimnasio y viajar. La pasión del Sr. Andersen por viajar lo ha llevado a ser voluntario para el Club Viajes para Seniors, de la Ciudad de Lawndale. Ha sido un voluntario dedicado en Lawndale, por 11 años. El Sr. Andersen pasa muchas horas asegurando que el club funcione sin problemas para que lo puedan disfrutar los seniors. Como Presidente

del Club de Viajes de Lawndale, usa su tiempo libre planeando excursiones para seniors, haciendo las reservaciones para la transportación y creando actividades que promuevan el aprendizaje de por vida. El enfoque reflexivo que dedica el Sr. Andersen a encontrar un tour perfecto, un festival, o una obra teatral, ayuda a mantener a los seniors activos y saludables. Felicidades Sr. Andersen, la Ciudad de Lawndale es un mejor lugar por el trabajo que usted le ha dedicado.

Alguacil y Bombero del Año, del Club Rotario del 2015

El 16 de abril del 2015, el Club Rotario de Lawndale tuvo su almuerzo anual de "Bombero y Alguacil del Año", en el Centro Comunitario Harold E. Hofmann de Lawndale.

Asistieron los rotarios, la comunidad y los comerciantes y el Consejo de la Ciudad de Lawndale. Este evento anual, resalta al alguacil y al bombero quienes actualmente trabajan en la Ciudad de Lawndale.

Los ganadores honrados este año, son el **Alguacil Robert Maas** del Departamento del Sheriff del Condado de Los Ángeles, de la estación de Los Ángeles / Centro de Servicio de Lawndale, y el **Capitán Robert Smith**, del Departamento de Bomberos del Condado de Los Ángeles, Estación 21, fueron reconocidos y honrados por la excelencia que han brindado a nuestra ciudad durante todo el año.

Si se encuentran con estos servidores públicos en la comunidad, asegúrense de agradecerles por el sobresaliente trabajo que desempeñan en la comunidad. **FELICIDADES**, Alguacil Maas y Capitán de Bomberos Smith por ser seleccionados como el Alguacil y el Bombero del Año, por el Club Rotario!

Rogers Middle School ayuda a desviar 320 toneladas de basura de los vertederos

Después de meses de clasificación de residuos de basura de almuerzo, juntas educativas sobre la reducción de basura y de ser interrogados sobre asuntos de trivia de basura, se han seleccionado las escuelas finalistas del Reto de Almuerzo sin Basura, de esta competencia prestigiosa de todo el condado de Los Ángeles.

Entraron al reto 24 escuelas de Los Ángeles, en agosto para ver cuál es la que desviaba más basura y mejor inspiraba su cuerpo estudiantil a adoptar hábitos de reducción de basura para toda la vida. Las escuelas participantes pidieron a los estudiantes que redujeran la basura, trayendo envases reusables para el almuerzo y usando las estaciones de clasificación para formar hábitos que protegerán el ambiente por años por venir.

Como en años pasados, todas las escuelas participantes excedieron sus expectativas. Las escuelas con el reto de Almuerzo sin Basura, sobrepasaron en conjunto la bolsa de basura 100,000, que marca un punto clave en este programa. Aún más impresionante es que las escuelas educaron a casi 11,000 estudiantes sobre la reducción de basura; más estudiantes que en cualquier reto de años anteriores.

Para ser considerada como finalista, cada escuela llenó una solicitud al final del año, indicando el número de bolsas desviadas, las estrategias que usaron para educar a los estudiantes en cuanto a reducción de basura y la sostenibilidad de su programa de reducción de desechos. Las escuelas finalistas de las escuelas secundarias, son:

- Cesar Chavez Middle School (Lynwood)
- El Segundo Middle School (El Segundo)
- Will Rogers Middle School (Lawndale)

En abril, miembros de Algalita Marine Research and Education, Trash for Teaching, Bag2Speak y otros expertos en el medioambiente, se sentaron en el panel de jueces del Reto de Almuerzo sin Basura y visitaron cada una de las escuelas para ver en acción su programa de reducción de desechos. Las escuelas ganadoras recibieron subsidios de educación de parte de Chevron, para continuar con sus programas del medioambiente. Felicidades a todos los finalistas.
